

## Lake Ontario Fish Community Change and the Restoration of Native Species

An Illustrated Presentation by

### Colin Lake

Colin has worked in natural resource management for 25 years, specifically in fisheries and fish habitat management. He has held positions in the private sector in British Columbia (Pacific coast and central interior), in Fisheries and Oceans Canada (Northwest Territories), and in the Ontario Ministry of Natural Resources and Forestry. Colin has been with the Lake Ontario Management Unit for approximately twelve years in various positions; his current role is Lead Planning Biologist.
