

Notice of Public Information Centre #2

Township of Hamilton, Water Supply Master Plan

The Township of Hamilton is continuing its Class Environmental Assessment (Class EA) Master Plan to assess current water infrastructure, identify system constraints, and plan future upgrades to support growth over the next 20 years. This study follows the Municipal Engineers Association (MEA) Class EA Approach 1 Master Planning process.

The Water Supply Master Plan (WSMP) focuses on the Township's three serviced areas: Creighton Heights, Camborne, and Buttersfield and evaluates alternatives to improve the performance and reliability of the water supply and treatment systems.

Public and agency consultation remains a key component of the Master Planning process. Public Information Centre (PIC) No. 2 presents an update on the study, including the identification and evaluation of servicing alternatives and the preferred solution to address water system capacity constraints, particularly within the Creighton Heights system. The PIC No.2 is scheduled as follows:

Date: Thursday, September 11th, 2025

Time: 6:00 p.m. – 8:00 p.m. (Presentation will begin at 6:15 p.m.)

Location: Baltimore Community Centre, 23 Community Centre Road, Baltimore, ON

Project information will also be provided on the Township's website at [Township of Hamilton \(hamiltontownship.ca\)](https://hamiltontownship.ca). If you have any questions regarding the study, please contact one of the people listed below. We welcome your feedback.

Susan Jingmiao Shi, P.Eng., M.Eng.

This study is being conducted according to the requirements of Approach 1 of a Master Plan under the Ontario Municipal Class Environmental Assessment process (October 2000, as amended in 2015 and 2023). Please note that ALL personal information included in a Part II Order submission – such as name, address, telephone number and property location – is collected, maintained and disclosed by the Ministry of the Environment and Climate Change for the purpose of transparency and consultation. The information is collected under the authority of the Environmental Assessment Act or is collected and maintained for the purpose of creating a record that is available to the general public as described in s.37 of the Freedom of Information and Protection of Privacy Act. Personal information you submit will become part of a public record that is available to the general public unless you request that your personal information remain confidential. For more information, please contact the ministry's Freedom of Information and Privacy Coordinator at 416-327-1434.
