Clerk, Township of Hamilton

Section 3A - General Definitions

This Section contains terms and definitions which shall apply throughout the defined area of this By-law. Section 3B contains additional terms and definitions which shall apply within the area designated 'Oak Ridges Moraine Conservation Plan Area' on the Maps comprising Schedules "A" and "M". Where there is any conflict between the definitions in Section 3B and those in Section 3A, as they apply to the area designated "Oak Ridges Moraine Conservation Plan Area" on the Maps comprising a part of this By-law, the definitions in Section 3B shall prevail.

For the purposes of this By-law, the definitions and interpretations in this Section shall govern unless the context indicates otherwise. The word "shall" is mandatory and not directory. Words used in the present tense include the future tense and the reverse. Words used in the plural number include the singular number and the reverse.

"Abattoir" shall mean a slaughter-house designed for the purpose of killing animals, skinning, dressing and cutting up of carcass, wrapping for sale for human consumption with cooler and freezer storage and may include indoor confinement of animals while awaiting slaughter but shall not include the manufacturing of meat by-products or any process related to rendering plants such as the manufacture of tallow, grease, glue, fertilizer, or any other inedible product.

"Accessory" shall mean a use which is clearly incidental to, and is customarily found in connection with, such principal use; and, in the same ownership as such principal use, or is operated and maintained on the same zoning lot substantially for the benefit or convenience of the owners, occupants, employees, customers, or visitors of the principal use.

"Additional Residential Unit" shall mean a self-contained residential unit containing a private kitchen, bathroom facilities and sleeping areas within dwellings or within structures (such as above a garage or within a detached accessory structure), accessory to the principal residential dwelling and located on the same lot.

"Adjacent Lands (Wetland)" shall mean those lands within 120 metres (393.7 feet) of an individual Environmental Protection Wetland Zone.

"Aggregate" shall mean gravel, sand, clay, earth, shale, stone, limestone, dolostone, sandstone, marble, granite, rock or other prescribed material.

"Agriculture/Agricultural Use" shall mean the growing of crops, including nursery, biomass, and horticultural crops; raising of livestock; raising or other animals for food, fur or fibre, including poultry and fish; aquaculture; apiaries; agro-forestry; maple syrup production; and associated on-farm buildings and structures, including, but not limited to livestock facilities, manure storages, value-retaining facilities, and housing for farm workers, when the size and nature of the operation requires additional employment."

"Agriculture-Related Use" shall mean those farm-related commercial and farm-related industrial uses that are directly related to farm operations in the area, support agriculture, benefit from being in close proximity to farm operations, and provide direct products and/or services to farm operations as a primary activity.

"Agriculture, Intensive" shall mean lands which are used for the purposes of accommodating livestock which either exceed 150 livestock units or exceed 50 livestock units with a livestock density of greater than 5 livestock units per tillable hectare.

"Agricultural Produce Sales Outlet" shall mean a use accessory to a farm which consists of the retail sale of agricultural products produced on the farm where such outlet is located.

"Alter" shall mean any alteration in a bearing wall or partition, column, beam, girder or other supporting member of a building or structure or any increase in the area or cubic contents of a building or structure.

"Assembly Operation" shall mean the assembling of finished parts or materials into a final product but shall not include any large scale manufacturing operation or any

operation discharging large amounts of liquids.

“Kennel” shall mean a building or structure where dogs, cats, or other domestic household pets are kept, boarded and/or bred and the operation is registered by an appropriate recognized professional organization or club.

“Landscaped” shall mean an area not built upon and not used for any purpose other than as a landscaped area and which shall include at least a hedgerow of hardy shrubs or similar type of vegetation not less than 0.3 metres (1 foot) in height at the time of planting and which, when fully grown, will reach a height of not less than 2 metres (6.6 feet), extending the full length of the landscaped area and be maintained in a healthy growing condition. A landscaped area does not include driveways, parking spaces or parking aisles.

“Livestock” shall mean farm animals kept for use, for propagation, or for intended profit or gain and without limiting the generality of the foregoing includes: dairy and beef cattle, horses, swine, sheep, laying hens, chicken and turkey broilers, turkeys, goats, geese, mink, rabbits, ducks, emu, fox, ostrich and donkeys.

“Livestock Facility” shall mean a farm unit which includes the raising or keeping of livestock as defined herein.

“Loading Space” shall mean an unencumbered area of land which is provided and maintained upon the same lot or lots upon which the principal use is located and which area:

- a) Is provided for the temporary parking of one commercial motor vehicle while merchandise or materials are being loaded or unloaded from such vehicle, and such parking shall not be for purposes of sale or display;

- b) Is suitable for the temporary parking of one commercial motor vehicle;
- c) Is not upon or partly upon any street, lane or alley; and
- d) Has adequate access to permit ingress and egress of a commercial motor vehicle from a street by means of driveways, aisles, maneuvering areas or similar areas, no part of which shall be used for the temporary parking or storage of one or more motor vehicles.

“Lodge” shall mean an establishment catering to the vacationing public by providing meals and sleeping accommodation to at least five (5) guests in rooms or cabins but shall not include any establishment otherwise defined herein.

“Lot” shall mean a parcel of land, the boundaries of which are defined in the last registered instrument by which legal or equitable title to the said parcel was lawfully and effectively conveyed or which is a whole lot as shown on a Registered Plan of Subdivision subject to the provisions of *The Planning Act*.

“Lot Area” shall mean the total horizontal area within the lot line of a lot, and in the case of a corner lot having street lines rounding at the corner with a radius of six (6) metres (19.7 feet) or less, the lot area of such lot is to be calculated as if the lot lines were projected to their point of intersection.

“Lot, Corner” shall mean a lot situated at the intersection of two or more streets or private roads, having an angle of intersection of not more than 135 degrees. The front lot line on a corner lot is deemed to be either lot line abutting the street (see [Appendix ‘C’](#)).

“Lot Coverage” shall mean that percentage of the lot area covered by all buildings or structures but excluding any part of a building or structure which is constructed entirely below grade. For the purposes of calculating lot coverage, the lot coverage of each zone shall be deemed to apply only to that portion of such lot that is located within the said zone.

“Lot Depth” shall mean the horizontal distance between the midpoints of the front and rear lot lines, and where there is no rear lot line, lot depth means the length of a line within the lot between the midpoint of the front lot line and the most distance point of the apex(s) of a triangle formed by the side lot lines.

“Lot Frontage” shall mean the horizontal distance between the side lot lines measured along the front lot line, but where the front lot line is not a straight line or where the side lot lines are not parallel, the lot frontage is to be measured nine (9) metres (29.5 feet) back from the front lot line and parallel to the chord of the lot frontage. For the purposes of this paragraph the chord of the lot frontage is a straight line joining the two points where the side lot lines intersect the front lot line.

“Lot, Interior” shall mean a lot other than a corner lot (see [Appendix ‘C’](#)).

“Lot Line” shall mean any boundary of a lot.

“Lot Line, Exterior Side” shall mean the longer of the lot lines of a corner lot which abuts a street (see [Appendix ‘C’](#)).

“Lot Line, Front” shall mean the line that divides a lot from a street, a private road or a navigable waterway. In the case of a lot with frontage on a street, the front lot line shall be deemed to be the line that divides the lot from the street. In the case of a lot with frontage on a private road and/or a navigable waterway, either lot line may be deemed to be the front lot line. In the case of a corner lot either lot line may be deemed to be the front lot line (see [Appendix ‘C’ and ‘D’](#)).

“Lot Line, Rear” shall mean the lot line farthest from and opposite to the front lot line and where the side lot lines converge at the rear of the lot to form a triangular shaped parcel of land, the rear lot line shall mean the apex of the triangle formed by the side lot lines.

Furthermore, where the rear lot line is situated adjacent to a body of water, such lot line shall be the line formed by the high water mark of a body of water (see [Appendix 'C' and 'D'](#)).

“Lot Line, Side” shall mean any lot line other than the rear or front lot line (see [Appendix 'C'](#)).

“Lot, Through” shall mean a lot bounded on two opposite sides by streets provided however that if any lot qualifies as being both a corner lot and a through lot as herein defined, such lot shall be deemed a corner lot for the purpose of this By-law (see [Appendix 'C'](#)).

“Manufacturing” shall mean the use of land, buildings or structures for the purposes of assembly, fabricating, making, preparing, inspecting, finishing, treating, altering, repairing, warehousing or storing or adapting for sale of any goods, substance, article, thing or service.

“Marina” shall mean a building or structure with access to a body of water, where boats and boat accessories are berthed, stored, serviced, repaired or kept for sale and where facilities for the sale of marine fuels and lubricants may be provided.

“Merchandising Service Shop” shall mean a building or part of a building in which persons are employed in furnishing the repair or servicing of articles, machines, goods or materials as opposed to the manufacture of same. Merchandising repair shops include such establishments as small engine repair of such items as lawn mowers, chainsaws and snowmobiles.

“Minimum Distance Separation” means a separation requirement as provided for by the Ontario Ministry of Agriculture Food and Rural Affairs.

- a) Minimum Distance Separation I: provides minimum distance separation for new or expanding development from existing livestock facilities;
- b) Minimum Distance Separation II: provides minimum distance separation for new or expanding livestock facilities from existing or approved development.

“Mobile Home” shall mean any dwelling that is designed to be mobile and constructed or manufactured to provide a permanent residence for one or more persons within a mobile home park in accordance with the appropriate statute, regulation or standard but does not include a travel trailer, tent trailer or trailer otherwise designed.

“Motor Vehicle” shall mean an automobile, motorcycle, and any other vehicle propelled or driven otherwise than by muscular power but does not include the cars of electric or steam railways, or other motor vehicles running only upon rails, or a motorized snow vehicle, traction engine, farm tractor, self-propelled implement of husbandry or road-building machine within the meaning of *The Highway Traffic Act*.

“Municipality” shall mean the Corporation of the Township of Hamilton.

“Non-Complying Use” shall mean a permitted land use building or structure existing at the date of the passing of this By-law which does not comply with a provision or provisions of the zone within which it is located.

“Value-added Product” (By-law 2016-46) shall mean items whose physical state or form has been changed to increase the value over what was assigned to the raw, unmodified resource.

“Veterinary Clinic” shall mean a building or structure or part thereof used for the purposes of consultation, diagnosis and treatment of animals, birds and pets and may also include boarding of such animals, birds and pets.

“Warehouse” shall mean an establishment used for the storage and distribution of goods, wares, merchandise, substances, articles or things and may include an accessory retail use but does not include a cartage or express truck terminal.

“Waste Disposal Site” shall mean any land or land covered by water (such as in the case of a sewage lagoon) upon, into, in or through which a building or structure in which waste is deposited or processed and any machinery or equipment or operation required for the treatment or disposal of waste.

“Waste Management System” shall mean all facilities, equipment and operations for the complete management of waste including the collection, handling, transportation, storage, processing and disposal thereof and may include one or more waste disposal sites.

“Water Frontage” shall mean all property abutting a water body measured along the high water mark.

“Waterbody” shall mean any bay, lake, wetland, canal or natural watercourse but excludes a drainage or irrigation channel.

“Watercourse” shall mean any surface stream or river and includes a natural or man-made channel for an intermittent stream and a municipal drain as defined by *The Drainage Act*, as amended.

“Wayside Pit” shall mean:

A temporary pit opened and used by a governmental authority or authorized contractor for the purposes of a specific public project such as road construction, or

A pit on a farm unit required only for the use of that farm unit.

“Wayside Quarry” shall mean a temporary quarry opened and used by a governmental authority or authorized contractor for the purposes of a specific public project such as road construction.

“Wetlands” shall mean lands that are seasonally or permanently covered by shallow water, as well as lands where the water table is close to or at the surface. In either case, the presence of abundant water has caused the formation of hydric soils and has favoured the dominance of either hydrophytic or water tolerant plants. The four (4) major types of Wetlands are swamps, marshes, bogs and fens.

“Woodlot” shall mean a wooded area in which the majority of trees are at least 10.2 centimetres (4 inches) in diameter and in which there is a minimum of a fifty (50) percent closed canopy of tree foliage.

“Yard” shall mean the space appurtenant to a building or structure on the same lot which is open, uncovered, and unoccupied except for such accessory buildings, structures, or uses which are specifically permitted by this By-law. In determining yard measurements, the minimum horizontal distance from the respective lot lines shall be used.

“Yard, Front” shall mean the yard extending across the full width of the lot between the front lot line of the lot and the nearest part of any buildings or structures on the lot. The "minimum" front yard shall mean the distance between the front lot line and the nearest wall of any principal or accessory building on the lot, according to the context in which the term is used.

“Yard, Rear” shall mean the yard extending across the full width of the lot between the rear lot line of the lot and the nearest part of any principal building or structure on the lot. Where a rear yard is required for an accessory building in this By-law then this definition shall apply except that the words "accessory building" shall be substituted for "principal building". The "minimum" rear yard shall mean the minimum distance between the rear lot line and the nearest wall of any principal building or accessory building on the lot, according to the context in which the term is used.

“Yard, Side” shall mean the yard extending from the front yard to the rear yard between the side lot line and the nearest part of any building or structure on the lot.

“Yard, Interior Side” shall mean the side yard extending from the front yard to the rear yard between the side lot line and the nearest part of any building or structure on any lot and excluding any exterior side yard. The "minimum" interior side yard shall mean the minimum distance between an interior side lot line and the nearest wall of any principal or accessory building on the lot, according to the context in which the term is used.

“Yard, Exterior Side” shall mean the side yard of a corner lot in which the side yard extends from the front yard to the rear yard between the side street line and the nearest part of any building or structure on the corner lot. The "minimum" exterior side yard shall mean the distance between the exterior side lot line and the nearest wall of any

principal or accessory building on the lot, according to the context in which the term is used.

“Zone” mean a designated area of land use shown on the Schedules of this By-law.

Section 3B - Oak Ridges Moraine Conservation Plan Area

“Earth Science Values” means values that relate to the geological, soil and landform features of the environment.

“Ecological Features” means naturally occurring land, water and biotic features that contribute to ecological integrity.

“Ecological Functions” means the natural processes, products or services that living and non-living environments provide or perform within or between species, ecosystems and landscapes, including hydrological functions and biological, physical, chemical and socio-economic interactions.

“Ecological Integrity” which includes hydrological integrity, means the condition of ecosystems in which:

- a) The structure, composition and function of the ecosystems are unimpaired by stresses from human activity;
- b) Natural ecological processes are intact and self-sustaining; and
- c) The ecosystems evolve naturally.

“Endangered Species” means any native species, as listed in the regulations under *The Endangered Species Act* as amended, that is at risk of extinction throughout all or part of its Ontario range if the limiting factors are not reversed.

“Farm Vacation Home” means an establishment that provides sleeping accommodation (including participation in farm activities, meals, services, facilities and amenities for the exclusive use of guests) for the travelling or vacationing public in up to three guest rooms within a single dwelling that is located on a farm and is the principal residence of the proprietor of the establishment.

“Fish Habitat” means the spawning grounds and nursery, rearing, food supply and migration areas on which fish depend directly or indirectly in order to carry out the life processes, as further identified by the Department of Fisheries and Oceans (Canada).

“Forest Access Road” means a one or two-lane unpaved road that is designed to provide access to and within a woodland for wildlife, fish and forest management purposes.

“Forest Management” means the management of woodlands, including accessory uses such as the construction and maintenance of forest access roads and maple syrup production facilities:

- a) For the production of wood and wood products, including maple syrup;
- b) To provide outdoor recreation opportunities;
- c) To maintain, and where possible, improve or restore conditions for wildlife; and
- d) To protect water supplies.

“Green Infrastructure” means infrastructure consisting of natural and human-made elements that provide ecological and hydrological functions and processes and includes natural heritage features and systems, parklands, stormwater management systems, street trees, urban forests, natural channels, permeable surfaces and green roofs.

“Groundwater Recharge” means the replenishment of subsurface water:

- a) Resulting from natural processes, such as the infiltration of rainfall and snowmelt and the seepage of surface water from lakes, streams and wetlands; and
- b) Resulting from human intervention, such as the use of stormwater management systems.

“Habitat of Endangered, Rare and Threatened Species” means

- (a) with respect to an endangered or threatened species for which a regulation made under clause 55 (1)(a) of the *Endangered Species Act*, 2007 is in force, the area prescribed by that regulation as the habitat of the species, or
 - (b) with respect to any other endangered or threatened species, the area on which the species depends, directly or indirectly, to carry on its life processes, including life processes such as reproduction, rearing, hibernation, migration, or feeding,
- and includes places in the area described in clause (a) or (b), whichever is applicable, that are used by members of the species as dens, nests, hibernacula or other residences.

“Hazardous Waste” has the same meaning as in Regulation 347 of the *Revised Regulations of Ontario*, 1990.

“Home Business” means an occupation that:

- a) Involves providing personal or professional services or producing custom or artisanal products;
- b) Is carried on as a small-scale accessory use within a single dwelling by one or more of its residents; and
- c) Does not include uses such as an auto repair or paint shop or furniture stripping.

“Home Industry” means an industry that,

- (a) is carried out in the home or in a building that is accessory to the home or, if the home is located on a farm, to the agricultural operation;
- (b) if the home occupation is not located on a farm,
 - (i) is carried out on as a small-scale use that is secondary to the principal use of the home as a single dwelling,
 - (ii) provides a service such as carpentry, metalworking, welding, electrical work or blacksmithing, primarily to the farming community, and
 - iii) does not include uses such as auto repair or paint shop or furniture stripping, and
- (c) if the home is located on a farm,
 - (i) is carried on as a small-scale use that is secondary to the principal use of the farm as an agricultural operation, and
 - (ii) may include, but is not limited to, a sawmill, welding or woodworking shop, manufacturing or fabrication shop, equipment repair and seasonal storage of boats or trailers.

“Home Occupation” means an occupation that is carried out on a farm and that,

- (a) involves providing personal or professional services such as those offered at or by a professional office, bookkeeper, land surveyor, art studio, hairdresser, massage therapist, daycare, veterinary clinic, kennel classes or workshops, and
- (b) is carried on as a small-scale secondary use within a single dwelling on the farm;

“Hydrological Cycle” means the circulation of water from the atmosphere to the earth and back through precipitation, runoff, infiltration, groundwater flow and evapotranspiration, including the occurrence, circulation, distribution, and chemical and physical properties of water on the surface of the land, in the soil and underlying rocks, and in the atmosphere, and water’s interaction with the environment including its relation to living things.

“Hydrological Features” means:

- a) Permanent and intermittent streams;
- b) Wetlands;
- c) Kettle lakes and their surface catchment areas;
- d) Seepage areas and springs; and
- e) Aquifers and recharge areas.

“Hydrological Functions” means the functions of the hydrological cycle that include the occurrence, circulation, distribution and chemical and physical properties of water on the surface of the land, in the soil and underlying rocks, and in the atmosphere, and water’s interaction with the environment including its relation to living things.

“Hydrological Integrity” means the condition of ecosystems in which hydrological features and hydrological functions are unimpaired by stresses from human activity.

“Hydrologically Sensitive Feature” means a hydrologically sensitive feature as described in Section 26 of the Oak Ridges Moraine Conservation Plan.

“Impervious Surface” means a surface that does not permit the infiltration of water, such as a rooftop, sidewalk, paved roadway, driveway or parking lot.

“Kame” means a mound, hummock or conical hill of glacial origin.

“Kettle Lake” means a depression formed by glacial action and permanently filled with water.

“Key Natural Heritage Feature” means a key natural heritage feature as described in Section 22 of the Oak Ridges Moraine Conservation Plan.

“Landform Features” means distinctive physical attributes of land such as slope, shape, elevation and relief.

“Landform Conservation Area” means a landform conservation area as described in Section 30 of the Oak Ridges Moraine Conservation Plan.

“Life Science Values” means values that relate to the living component of the environment.

“Liquid Industrial Waste” has the same meaning as in Regulation 347 of the Revised Regulations of Ontario, 1990.

“Lot” means a parcel of land that is:

- a) Described in a deed or other document legally capable of conveying an interest in the land; or
- b) Shown as a lot or block on a registered plan of subdivision.

“Major Development” means development consisting of:

- a) The creation of four or more lots;
- b) The construction of a building or buildings with a ground floor area of 500 square metres (5382 square feet) or more; or
- c) The establishment of a major recreational use as described in Section 38 of the Oak Ridges Moraine Conservation Plan.

“Major Recreational Uses” are recreational uses that require large-scale modification of terrain, vegetation or both and usually also require large-scale buildings or structures, including but not limited to the following:

- a) Golf Courses;
- b) Serviced playing fields;
- c) Serviced campgrounds; or
- d) Ski hills.

“Meander Belt” means the land across which a stream shifts its channel.

“Mineral Aggregate” means gravel, sand, clay, earth, shale, stone, limestone, dolostone, sandstone, marble, granite, rock or other material prescribed under the Aggregate Resources Act, but does not include metallic ores, asbestos, graphite, kyanite, mica, nepheline syenite, talc, wollastonite, or other material prescribed under that Act.

“Mineral Aggregate Operation” means:

- a) An operation, other than a wayside pit, conducted under a licence or permit under *The Aggregate Resources Act*; and
- b) Associated facilities used in the extraction, transportation, beneficiation, processing or recycling of mineral aggregate or the production of related by-products.

“Natural Self-Sustaining Vegetation” means self-sustaining vegetation dominated by native plant species.

“Net Development Area” means the area of a lot or site, less any area that is within a key natural heritage feature or a hydrologically sensitive feature.

“Oak Ridges Moraine Conservation Plan Area” and “Plan Area” mean the areas described in Section 5.3.

“On-Farm Diversified Use” means, with respect to a farming operation, uses that are secondary to the principal agricultural use of the property, that are compatible with and do not hinder the surrounding agricultural operations and that occupy a limited area of the property, including,

- (a) home occupations,
- (b) home industries,
- (c) agri-tourism uses, and
- (d) uses that produce value-added products.

“Partial Service” means with respect to sewage and water services to a property, that either of the following situations exists;

- 1. Sewage services are provided by a municipality or by private communal services but water services are provided by an individual on-site water system.
- 2. Water services are provided by a municipality or by private communal services but sewage services are provided by an individual on-site sewage system.

“Portable Asphalt Plant” means a temporary facility, to be dismantled at the completion of a construction project, where:

- a) Equipment is used to heat and dry mineral aggregate and to mix it with bituminous asphalt to produce asphalt paving material; and
- b) Bulk materials used in the process described in Clause (a) are kept.

“Prime Agricultural Area” means an area that is:

- a) Designated as prime agricultural land in the relevant official plan; or
- b) Identified through an alternative agricultural land evaluation system approved by the Government of Ontario.

“Prime Agricultural Land” means:

- a) Land where fruit and vegetable crops and greenhouse crops are grown;
- b) Agriculturally developed organic soil land; or
- c) Land with Class 1, 2 or 3 soils according to the Canada Land Inventory.

“Rapid Infiltration Basin” means a basin or system of basins at or below surface grade that is constructed in porous soil and punctures through a relatively impermeable layer to gain access to a more permeable sand or gravel layer, to rapidly infiltrate into the ground, at a single point or area of concentration, surface runoff collected from impervious surfaces.

“Rapid Infiltration Column” means a column or system of columns at or below surface grade that is constructed in porous soil and punctures through a relatively impermeable layer to gain access to a more permeable sand or gravel layer, to rapidly infiltrate into the ground, at a single point or area of concentration, surface runoff collected from impervious surfaces.

“Rare Species” means a native species that is not currently at risk of becoming threatened but, because of its limited distribution, small population or specialized habitat needs, could be put at risk of becoming threatened through all or part of its Ontario range by changes in land use or increases in certain types of human activity.

“Retirement Home” means a building in which:

- a) Accommodation is provided, mainly for retired persons;
- b) Common kitchen and dining facilities are provided for the residents; and
- c) Common lounges, recreation rooms and health care facilities may also be provided for the residents.

“Sand Barrens” means land (not including land that is being used for agricultural purposes and no longer exhibits sand barrens characteristics) that:

- a) Has sparse or patchy vegetation that is dominated by plants that are:
 - i. Adapted to severe drought and low nutrient levels; and
 - ii. Maintained by severe environmental limitations such as drought, low nutrient levels and periodic disturbances such as fire.
- b) Has less than twenty-five (25) percent tree cover;
- c) Has sandy soils (other than shorelines) exposed by natural erosion; depositional process or both; and
- d) Has been further identified, by the Ministry of Natural Resources or by any other person, according to evaluation procedures established by the Ministry of Natural Resources, as amended.

“Saturated Zone” means the zone below the water table where the spaces between soil grains are filled with water.

“Savannah” means land (not including land that is being used for agricultural purposes and no longer exhibits savannah characteristics) that:

- a) Has vegetation with a significant component of non-woody plants, including tallgrass prairie species that are maintained by seasonal drought, periodic disturbances such as fire, or both;
- b) Has from twenty-five (25) percent to sixty (60) percent tree cover;
- c) Has mineral soils; and
- d) Has been further identified, by the Ministry of Natural Resources or by any other person, according to evaluation procedures established by the Ministry of Natural Resources, as amended.

“Self-Sustaining Vegetation” means vegetation dominated by plants that can grow and persist without direct human management, protection, or tending.

“Significant” when used with reference to valleylands, wildlife habitat and woodlands, means identified as significant using evaluation procedures established by the Ministry of Natural Resources and Forestry.

“Single Dwelling” means a building containing only one dwelling unit, an, in any area other than an area within a Natural Core or Natural Linkage Area, includes a building containing one primary dwelling unit and not more than one secondary dwelling unit.

“Site” means the land subject to an application.

“Site Alteration” means activities such as grading, excavation and the placement of fill that would change the landform and the natural vegetative characteristics of a site.

“Small Scale Commercial, Industrial and Institutional Uses”:

- a) Are supportive of, complimentary to or essential to uses that are permitted in Countryside area of the Oak Ridges Moraine Conservation Plan;
- b) Do not require large-scale modification of terrain, vegetation or both or large-scale buildings and structures; and
- c) Include, but are not limited to:
 - i. Farm implement stores, feed stores and country markets;
 - ii. Portable mineral aggregate crushing plants, portable asphalt plants and composting plants; and
 - iii. Schools, places of worship, community halls, retirement homes and cemeteries, intended mainly to serve nearby Rural Settlements within the Plan Area.

“Special Concern Species” means a species that is classified as a special concern species in Ontario Regulation 230/08 (Species at Risk in Ontario List) made under the Endangered Species Act, 2007.

“Sub watershed” means an area that is drained by a tributary or some defined portion of a stream.

“Surface Catchment Area” means the area including and surrounding a kettle lake or wetland, from which surface runoff drains directly into the kettle lake or wetland.

“Sustainable” when used with respect to a natural resource, means that the natural resource is able to support a particular use or activity without being adversely affected.

“Tallgrass Prairie” means land (not including land that is being used for agricultural purposes and no longer exhibits tallgrass prairie characteristics) that:

- a) Has vegetation dominated by non-woody plants, including tallgrass prairie species that are maintained by seasonal drought, periodic disturbances such as fire, or both;
- b) Has less than twenty-five (25) percent tree cover;
- c) Has mineral soils; and
- d) Has been further identified, by the Ministry of Natural Resources or by any other person, according to evaluation procedures established by the Ministry of Natural Resources, as amended.

“Threatened Species” means that is classified as threatened species in Ontario Regulation 230/08 (Species at Risk in Ontario List) made under the Endangered Species Act, 2007.

“Time of Travel” means the time that is needed for groundwater to travel a specified horizontal distance in the saturated zone.

“Un-serviced Park” means a park that provides recreational opportunities and facilities, including playing fields, but without outdoor lighting, accessory commercial facilities, paved parking lots or permanent water or sewer facilities.

“Valleyland” means a natural area that occurs in a valley or other landform depression that has water flowing through or standing for some period of the year.

“Value-Added Product” means an agricultural product that has been processed by means of chopping, canning, pressing, bottling, roasting or any other similar process.

“Value-retaining facilities” means facilities used to,

- (a) Maintain the quality of agricultural commodities produced on the farm such as atmosphere controlled storage, or
- (b) provide a minimum amount of processing to make commodities saleable, including cleaning grading, drying, sorting, evaporating maple sap into syrup, honey extraction and bulk packaging.

“Watershed” means an area that is drained by a river and its tributaries.

“Wayside Pit” means a temporary pit opened or used by or for a public body solely for the purposes of a specific project of road construction and not located on the road right-of-way.

“Wellhead Protection Area” means the surface and subsurface area surrounding a water well or well field that supplies a public water system and through which contaminants are reasonably likely to move so as eventually to reach the water well or well field.

“Wetland” means land such as a swamp, marsh, bog or fen (not including land that is being used for agricultural purposes and no longer exhibits wetland characteristics) that:

- a) Is seasonally or permanently covered by shallow water or has the water table close to or at the surface;
- b) Has hydric soils and vegetation dominated by hydrophytic or water-tolerant plants; and
- c) Has been further identified, by the Ministry of Natural Resources or by any other person, according to evaluation procedures established by the Ministry of Natural Resources, as amended.

“Wildlife Habitat” means areas where plants, animals and other organisms live and find adequate amounts of food, water, shelter and space needed to sustain their populations and includes areas where certain species concentrate at a vulnerable point in their annual or life cycle and areas that are important to migratory or non-migratory species.

“Woodland” means a treed area, woodlot or forested area, other than a cultivated fruit or nut orchard or a plantation established for purposes of producing Christmas trees.

“Zone of Contribution” when used in reference to a period of time, means the area within which the water pumped from a well originates during that time.

NOTE: For the purposes of this By-law, where a definition does not appear in either Section 3 or 4, reference may be made to the Webster’s dictionary to interpret the word.

Section 4 – Administration

4.1 Zoning Administration

This By-law shall be administered by a person appointed by the Council of the Township of Hamilton as the Chief Administrative Officer.

4.2 Issuance of Building Permits

Where land is proposed to be used or a building or structure is proposed to be erected or used in violation of this By-law, no permit or licence required under any By-law of the Corporation for the use of the land or for the erection or the use of the building or structure shall be issued.

4.3 Applications for Building Permits

In addition to the requirements of the Ontario Building Code, the Corporation's Building By-law or any other By-law of the Corporation, every application for a building permit shall be accompanied by plans (which depending upon the nature and location of the work to be undertaken may be required, by the Corporation, to be based upon an actual survey prepared by an Ontario Land Surveyor or Professional Engineer) drawn to an appropriate scale and showing the following:

- a) The true shape and dimensions of the lot to be used or upon which it is proposed to erect any building or structure;
- b) The proposed location, height and dimensions of the building, structure or work in respect of which the permit is being applied for;
- c) The location of every building or structure already erected or partly erected on such lot;
- d) The proposed locations and dimensions of yards, landscaped open spaces, parking areas, and loading spaces required by this By-law;
- e) Proposed grading or change in elevation or contour of the land and the proposed method for the disposal of storm and surface water from the land and from any building or structures thereon; and
- f) A statement signed by the owner or his agent duly authorized thereinto in writing, filed with the Chief Building Official, which statement shall set forth in detail the intended use of each building and structure or part thereof and giving all information necessary to determine whether or not every such building or structure conforms with the regulations of this By-law.

4.4 Potable Water

Every application which involves the installation, enlargement or reconstruction of a private well shall:

- a) In the case of a subdivision well, provide a hydrogeological report demonstrating satisfactory water pumping capacity and potability to the satisfaction of the Chief Building Official;
- b) In the case of a Municipally serviced property, approval from the water purveyor shall be provided to the satisfaction of the Chief Building Official.

4.5 Sewage Disposal System

Every application which involves the installation, enlargement or reconstruction of a sewage disposal system shall:

- a) Provide to the satisfaction of the Chief Building Official, require approval from the authority having jurisdiction.

4.6 Conservation Authority

Where lands lie within established fill or flood lines, any building permit application in respect of such land shall be accompanied by the written approval and technical recommendations of the Conservation Authority having jurisdiction.

4.7 Inspection of Land or Buildings

Where the Chief Building Official has reason to believe that any person has used land or used a building or structure contrary to this By-law, he/she, or an employee of the Township authorized by him/her, may, at any reasonable hour, enter and inspect the land, building or structure.

4.8 Violations and Penalties

Any person who contravenes any provisions of the By-law is guilty of an offence, and for the purposes of this By-law, each day that a breach of this By-law continues shall constitute a separate offence and on summary, the offender shall be liable to be fined under the provisions of *The Provincial Offenses Act*.

The conviction of an offender upon the breach of any of the provisions of this By-law shall not operate as a bar to a prosecution against the same offender upon any continued or subsequent breach of any such provision and any court of competent jurisdiction may convict any offender repeatedly for repeated breaches of the By-law.

4.9 Occupation of Buildings

Occupation of all new buildings and converted dwellings shall require a Certificate of Occupancy from the Township Building Department in accordance with the Ontario Building Code and any other Township By-laws.

4.10 Certificate of Conversion

Where a Certificate is for the conversion of a seasonal dwelling to a permanent dwelling, the following additional regulations apply:

- a) Compliance with all applicable law;
- b) The relevant sections of the Ontario Building Code as it relates to the proposed construction; and
- c) Approval by the authority having jurisdiction as it relates to the septic system.

4.11 Validity

If any section, clause or provision of the By-law, including anything contained on Schedules A and M attached hereto, is for any reason declared by a court of competent jurisdiction to be invalid, the same shall not affect the validity of the By-law as a whole or any part thereof other than the section, clause, or provision so declared to be invalid and it is hereby declared to be the intention that all the remaining sections, clauses or provisions of this By-law shall remain in full force and take effect until repealed, notwithstanding that one or more provisions thereof shall have been declared to be invalid.

4.12 Effective Date

This By-law shall come into force and take effect upon being passed by the Council of the Township of Hamilton.

4.13 Existing By-laws

All by-laws in force within the Corporation regulating the use of lands and the character, location, bulk, height and use of buildings and structures are amended insofar only as it is necessary to give effect to the provisions of this By-law and the provisions of this By-law shall govern unless otherwise specified.

4.14 Repeal of Existing Zoning By-law

By-law No. 2001-58 as amended of the Corporation of the Township of Hamilton is hereby repealed.

4.15 Application

This By-law shall apply to all lands within the Township of Hamilton and shall take effect on the day it is enacted.

4.16 Interpretation

Nothing in this By-law shall be construed to exempt any person from complying with the requirement of any By-law of the Municipality or the Corporation of the County of Northumberland or from any law of the Province of Ontario or Canada, or any regulations under the provisions of *The Conservation Authorities Act* of a Conservation Authority having jurisdiction or from any other law in force.

4.17 Zones

For the purpose of this By-law, the Township of Hamilton has been divided into zones, the boundaries of which are shown on Schedules A and M.

- 4.17.1 Schedules A and M inclusive are detailed maps for portions of the Township of Hamilton.
- 4.17.2 The zones are referred to by the following names or symbols and are identified on Schedules A and M by the following symbols:

Zone	Symbol
Permanent Agricultural	PA
Marginal Agricultural	MA
Estate Residential	ER
Rural Residential	RR
Limited Service Residential	LSR
Waterfront Residential	WR
Mobile Home Residential	MHR
Urban Residential First Density	UR1
Urban Residential Second Density	UR2
Urban Multiple Residential	UMR
Rural Commercial	RC
Rural Highway Commercial	RHC
Waterfront Resort Commercial	WRC
Hamlet Commercial	HC
Rural Industrial	RI
Hamlet Industrial	HI
Mineral Extractive 'A'	MXA
Mineral Extractive 'B'	MXB
Waste Disposal	WD
Community Facility	CF
Open Space	OS

Environmental Protection – Wetland	EP-W
Environmentally Sensitive Area	ESA
Oak Ridges Moraine Environmental	ORME
Oak Ridges Moraine Core	ORMC
Oak Ridges Moraine Linkage	ORML
Oak Ridges Moraine Countryside	ORMCO
Oak Ridges Moraine Rural Settlement	ORMRS
Oak Ridges Moraine Mineral Extractive	ORMME

- 4.17.3 Where the boundary of any zone is uncertain, and the boundary is shown following a street, lane, railway right-of-way, electric transmission line, right-of-way or watercourse, then the centre line of the street, lane, railway right-of-way, electric transmission line, right-of-way or watercourse is the zone boundary.
- 4.17.4 Where the boundary line of a zone does not correspond to a property line, to the centre line of a street, highway line, right-of-way or watercourse, the location of said boundary line shall be scaled from the scale shown on Schedules A and M inclusive.
- 4.17.5 Where the boundary of any zone is uncertain and notwithstanding the provisions of this subsection, the dimensions contained in any amending by-law shall apply.
- 4.17.6 Where the regulations of a zone include a requirement that the minimum yard of a lot or parcel of land shall be a specific number of metres, such minimum yard shall be determined by measuring at right angles from either the street line of the public street or the lot line abutting such yard in the direction of such lot or parcel of land a distance equal to the said specific number of metres in the relevant regulation of such zone.
- 4.17.7 Subject to the provisions of Section 5.12, the minimum lot area shall be as contained in the appropriate section of this By-law for the zone in which the lot is located or such larger area as may be required by the appropriate authority pursuant to the provisions of *The Public Health Act*.
- 4.17.8 In addition to the above Zones, the schedules include an Environmentally Sensitive Area overlay boundary. Lands within these boundaries may be developed in accordance with the underlying zone provided there are no negative impacts on the environmental feature present on the property. Prior to obtaining a building permit or using any land for any use within the Environmentally Sensitive Areas, the owner shall provide a letter from the local conservation authority or other responsible public authority stating their satisfaction that, based on the required studies and/or assessments, no negative impacts will occur.
- 4.17.9 Notwithstanding the above, the boundary of the Oak Ridges Moraine Conservation Plan Area, shall be scaled from the attached Schedules.

Section 5 – General Provisions

5.1 Accessory Buildings and Structures

5.1.1 Where a swimming pool or tennis court is provided, the total lot coverage for said accessory uses may increase to a maximum of twenty (20) percent. In no case shall the lot coverage of all buildings and accessory uses exceed the maximum lot coverage as provided for in the applicable provisions of this By-law.

5.1.2 In a residential zone, an accessory building or structure, shall not be erected closer to the street line than the principal building on the lot and shall further be erected in conformity with the yard and setback requirements of the respective residential zone, except as may otherwise be provided herein.

Notwithstanding the foregoing, in a residential zone an accessory building or structure in an exterior side yard can be located closer to the street line than the principal building provided the exterior side setback is maintained and the proposed structure is not located within a site triangle.”

5.1.3 Where an accessory use is attached to the main building, the front yard, side yard, rear yard and area requirements of this By-law shall be complied with as if the accessory building was part of the main building.

5.1.4 No person shall use an accessory building for human habitation except where a dwelling is permitted as an accessory building.

5.1.5 An accessory building shall not be built closer to any lot line than the minimum distance required by this By-law except that common semi-detached garages may be erected on a mutual side lot line.

5.1.6 Except in accordance with Section 5.16 no accessory building shall be erected prior to the erection of a principal building or structure.

5.1.7 The minimum distance of an accessory building from a principal building shall be 1.2 metres (4 feet).

5.2 Additional Residential Units

Notwithstanding any other provision of this By-law, where an additional residential unit is permitted hereunder, the following provisions shall apply:

- a) Additional residential units shall only be permitted in association with the following permitted principal uses:
 - i. Single detached dwellings; and
 - ii. Semi-detached dwellings.
- b) Additional residential units are not permitted within the:
 - i. Limited Service Residential (LSR) Zone or underlying Limited Service Residential (LSR) Zone;
 - ii. Waterfront Residential (WR) Zone or underlying Waterfront Residential (WR) Zone;
 - iii. Oak Ridges Moraine Core (ORMC) Zone; and
 - iv. Oak Ridges Moraine Linkage (ORML) Zone
- c) Notwithstanding Section 5.44 f) ii), an additional residential within the Oak Ridges Moraine is only permitted within the principle dwelling.

- d) Where an existing garden suite is situated on a lot it shall be classified as an additional residential unit. As such, only one additional residential unit within the principal dwelling shall be permitted subject to the provisions of this section.
- e) Additional residential units are only permitted on lots with frontage on and access from and improved public street.
- f) A maximum of two additional residential units per lot may be permitted subject to the following:
 - i. One (1) additional residential unit with a maximum floor area of 186 m² may be permitted within an existing or new single detached or semi-detached dwelling on a lot. For the purposes of this subsection, within shall mean, sharing a common roof system or flooring structure or sharing a common wall consisting of at least 30 percent shared surface.
 - ii. One (1) additional residential unit with a maximum floor area of 98 m² may also be permitted within a building or structure accessory to the single detached or semi-detached dwelling on a lot.
- g) Where additional residential unit(s) is/are proposed, the owner shall investigate whether an adequate supply of potable water is available, and that the site can assimilate wastes from the sewage disposal system without exceeding Ministry of the Environment and Climate Change guidelines for groundwater impact. Such information must accompany the building permit application, to the satisfaction of the Municipality and the authority having jurisdiction.
 - i. Where up to two additional residential units are proposed and the site is serviced with municipal water, a servicing statement is required from the municipality's water purveyor.
 - ii. Where up to two additional residential units are proposed, and the site is privately serviced, the owner shall provide a current Well Report, to the satisfaction of the Chief Building Official, to ensure adequate quantity and quality of the private service. Such report shall be dated no older than one year prior the building permit application.
- h) Additional residential units may be connected to the same servicing system for potable water and sewage disposal as the main dwelling on the lot pending approval of the municipality and authority having jurisdiction. If the servicing system is deemed to be inadequate to support the proposed additional residential unit(s), it is up to the property owner/applicant to provide an alternative servicing system to the satisfaction of the municipality and any other authority having jurisdiction as the case may be.
- i) Additional residential units shall be clearly accessory to the principal permitted use on the same lot;
- j) The establishment of additional residential units shall not be limited by any special zone provision that establishes the maximum number of dwelling units.
- k) Additional residential units shall be exempt from any minimum lot area requirement established per dwelling unit on a lot.
- l) Additional residential units shall comply with the required minimum Landscaped Open Space provision, where such requirement has been established for the zone in which the Additional Residential Unit is located.
- m) In addition to the parking space(s) required for single detached or semi-detached dwellings, one (1) parking space is required for each additional

residential unit. Tandem parking to a maximum of only one (1) space is permitted.

- n) Additional residential units within or otherwise attached to the principal dwelling unit shall provide a separate entrance which may be located at the side, rear or front of the principal dwelling unit. The entrance shall be accessed by a 1.2 metre (4 feet) wide unobstructed pathway from the front of the principal dwelling or the front lot line. For the purposes of this subsection, a “pathway” is defined as a hard surface treated path that is separately delineated from the driveway and provides pedestrian access. “Unobstructed” means no obstructions to a height of up to 2.3 metres (7.5 feet). This provision shall not prevent the establishment of a gate to access the rear yard.
- o) If an additional residential unit is proposed in a floodplain or an area rendered inaccessible to people and vehicles during times of flooding it shall require the approval of the authority having jurisdiction.
- p) Where an additional residential unit is located within a detached accessory building, the following provisions apply:
 - i. Shall comply with the accessory building minimum yard requirements of the zone;
 - ii. Shall be setback a minimum of 1.2 m (4 feet) from the principal dwelling located on the same lot;
 - iii. Shall have a maximum building height of 5.5 metres (18 feet);
 - iv. Shall comply with all other relevant accessory use provisions of the zone in which it is located;
 - v. A detached additional residential unit shall comply with the Minimum Distance Separation formulae;
 - vi. The provisions of Sections 5.26 and 5.37 do not apply to Clause 5.2 (p)(i);

5.3 Agriculture – Minimum Distance Separation

Notwithstanding any other yard or setback provisions of this By-law to the contrary, no development shall be located on a separate lot and permitted by a specific zone, unless it complies with the Minimum Distance Separation (MDS I) calculated using the Ontario Ministry of Agriculture Food and Rural Affairs Regulations and Guidelines. Notwithstanding any other yard or setback provisions of this By-law to the contrary, no livestock facility shall be erected or expanded within a PA and MA zone unless it complies with the Minimum Distance Separation (MDS II) calculated using the Ontario Ministry of Agriculture Food and Rural Affairs Regulations and Guidelines.

5.4 Area of Influence

No person shall erect any residential structure in any zone within 300 metres (984.3 feet) of lands zoned MXA - Mineral Extractive A and MXB - Mineral Extractive B without the approval of the Ministry of Natural Resources upon successful application for a minor variance and provided the residential use is a permitted use on the adjacent lands.

5.5 Backyard Hens

The keeping of a maximum of six (6) hens shall be permitted on properties zoned to permit a single detached dwelling. The keeping of hens shall be restricted to properties that have a minimum lot area of .4 hectares (one acre). The hens shall be always confined to an enclosure.

An enclosure for keeping one or more hens:

- Shall be located at least 3.0 metres from the side lot line and at least 3.0 metres from the rear lot line of the lot on which the hen coop is located.
- Shall be located at least 3.0 metres from abutting dwellings.
- Must be at least 7.5 metres from any church or school.
- Shall contain an enclosed roof structure and shall be no greater than 3.0 by 3.0metres and no greater than 4.5 metres in height.
- Shall only be located in the rear yard.
- Manure/waste from the backyard hen enclosure shall not be stockpiled on the residential property.

5.6 Buffer Strips

Location

Where the interior side or rear lot line in a Community Facility, Commercial or Industrial zone abuts a Residential Zone, a buffer strip adjoining such abutting lot line or portion thereof shall be provided on the lot within the Community Facility, Commercial or Industrial Zone.

Contents

Required buffer strips shall contain one or more of the following screening devices:

- a) A continuous row of trees;
- b) A continuous hedgerow of evergreens, bushes or shrubs;
- c) A berm
- d) A wall
- e) A fence

Design

Screening devices comprising a required buffer strip shall:

- a) Be arranged so as to form a dense or opaque screen or barrier;
- b) Be designed to have an ultimate height of not less than 1.8metres above the elevation of the ground at the nearest lot line, provided that they do not obstruct a sight triangle.

Landscaped Open Space Supplement

A buffer strip referred to in this Subsection may form part of any landscaped open space required by this By-law.

Allowances for Driveways

Notwithstanding any provision of this by-law to the contrary, the buffer strip can be interrupted to allow for access to a property where site access will be provided from a rear yard.

5.7 Development on a Private Road

No person shall erect any building or structure on a lot with frontage on a Private Road unless the lot is zoned Limited Service Residential (LSR) Zone and provided the owner has entered into an agreement with the Township, as a condition of Site Plan Approval, acknowledging that the Township will not be responsible for maintaining the private road and further that, in the event of an emergency, the Township will make every attempt to respond in an expeditious manner but because of the properties' location on a private road, response may be delayed. All other applicable provisions of the By-law shall apply.

5.8 Development on a Township Road/Public Road/Street or County Road

No person shall erect any building or structure in any zone, except in a Limited Service Residential Zone or Special Limited Service Residential Zone, unless the lot upon which such building or structure is to be erected fronts upon a Township Road/Public Road/Street or County Road. For purposes of this By-law a Township Road/Public Road/Street or County Road does not include a Private Road, Summer Maintained Public Road, Un-assumed Public Road or an Unopened Public Road Allowance as defined herein. The above provisions shall not apply to prohibit the erection of any building on a lot on a registered plan of subdivision where a subdivision agreement has been entered into but the streets will not be assumed until the end of the maintenance period. Refer to Appendix 'A' Civic Address Map for the location of roads classified Township Road/Public Road/Street or County Road. This section does not apply to non-residential buildings or structures accessory to a permitted farm. (By-law 2008-26)

Where a property has frontage on a year-round Municipally maintained or County maintained road, that property must be accessed by an entrance onto the year-round Municipally maintained or County maintained road.

5.9 Development on Summer Maintained Public Road

No person shall erect any building or structure, except for a non-residential building or structure accessory to a permitted farm, on a lot with frontage on a Summer Maintained Public Road unless the lot is zoned Special Limited Service Residential (LSR) Zone and provided the owner has entered into an agreement with the Township, as a condition of Site Plan Approval, acknowledging that the road is not maintained on a year round basis and that there is no intent by the Township to maintain it on a year round basis in the future and that access by municipal emergency service vehicles is restricted in the winter months. In the event of an emergency, the Township will make every attempt to respond in an expeditious manner but because of the properties' location on a private road, response may be delayed.

5.10 Development on an Un-Assumed Public Road

Development on an un-assumed public road may be permitted in accordance with the applicable zone and the general provisions of this by-law.

5.11 Development on an Unopened Public Road Allowance

Development shall not be permitted on lots with frontage only on an unopened public road allowance.

5.12 Dwelling Unit as an Accessory Use in a Non-Residential Setting

No person shall use any lot or erect, alter or use any building or structure for purposes of a dwelling or dwelling unit where the zoning is not residential except in accordance with the following regulations:

- a) In agricultural zones, a single detached dwelling may be permitted with a private water supply and sewage disposal system having the approval of the Ministry of the Environment and/or Approval Authority, as provided in certain non-residential zones; or
- b) In a Commercial zone, one dwelling unit shall be permitted in a non-residential building provided it is located on the second storey of such building, or at the rear of such building if on the main floor.

5.13 Existing Undersized Lots

Where a lot having a lesser lot area and/or lot frontage than that required herein is held under distinct and separate ownership from abutting lots, as shown by a registered conveyance in the records of the Registry or Land Titles Office on the

date of passing of this By-law, or where such a lot is created as a result of an expropriation, such smaller lot may be used and a building or structure may be erected, altered or used on such smaller lot, provided that the parcel has a minimum frontage of 7.5 metres (24 feet), provided that an adequate supply of potable water is available to service the proposed use, provided such erection, alteration or use does not contravene any other provisions of this by-law and provided that all relevant regulations made under the Health Protection and Promotion Act and all relevant sewage disposal requirements under the Ontario Building Code are complied with.

5.14 Fire Wood Processing Operations (By-law 2016-46)

- a) The importation of any raw materials shall be consistent with the Canadian Food Inspection Agency regulations, as amended;
- b) The exportation (delivery and/or customer pick-up) of the final value-added product shall be consistent with the Canadian Food Inspection Agency regulations, as amended;
- c) All operations shall be consistent with the Township of Hamilton Noise By-law, as amended;
- d) All operations shall be consistent with the Township of Hamilton Property Standards By-law, as amended;
- e) All operations shall be consistent with the Northumberland Forest Conservation By-law, as amended;
- f) The minimum setback from any water course/Environmental Protection (EP)/Environmentally Sensitive Area (ESA) zone or Natural Hazard/ Provincially Significant Wetland designation shall be 30 metres (100 feet);
- g) All operations shall be consistent with the 1/2 load road restrictions for importing/exporting product as per the Township of Hamilton By-law 1998-20, as amended;
- h) Maximum of 1 operation shall be permitted per separately conveyable lot;
- i) Medium Scale operations may be permitted on lots in Agricultural or Rural designated areas with a minimum size of 2.02 hectares (5 acres);
 - i. The minimum setback from any neighbouring residential use or residential zone shall be 91.44 metres (300 feet);
 - ii. The final value-added product may be sold at the farm gate but the majority shall be delivered;
 - iii. Site Plan approval is required subject to the following:
 - 1. A scaled Site Plan sketch shall be drawn up by the proponent, to the satisfaction of the Township of Hamilton, and submitted together with any other required information to the Township of Hamilton Planning Department for review by the Site Plan Review Committee to determine compliance with all required governing documents prior to the establishment of the operation;
 - 2. A Site Plan Agreement with the Township is required to be entered prior to the establishment of the operation;
 - 3. The Site Plan Agreement may deal with issues such as noise control, days and hours of operation, and any other issues deemed appropriate by the Township;
 - 4. Berms or tree buffers shall be provided between this use and any existing incompatible uses; and

5. Proof of current Open Air Burning Permit as per By-law 2014-19 and/or its successors, or in the alternative, a detailed explanation of other means of disposal of waste product that will be utilized by the proponent, to the satisfaction of the Township.

j) Large Scale operations may be permitted on lots in Agriculture or Rural designated areas with a minimum size of 10.17 hectares (25 acres);

- i. The minimum setback from any neighbouring residential use or residential zone shall be 213.36 metres (700 feet);
- ii. The final value-added product may be sold at the farm gate but the majority shall be delivered; and

iii. Site Plan Approval is required subject to the following:

- 1. A scaled Site Plan sketch shall be drawn up by Ontario Land Surveyor or Engineer, to the satisfaction of the Township of Hamilton, and submitted together with any other required information to the Township of Hamilton Planning Department for review by the Site Plan Review Committee to determine compliance with all required governing documents prior to the establishment of the operation;
- 2. A Site Plan Agreement with the Township is required to be entered and shall be registered on the title of the property by the proponent at the sole expense of the proponent. A copy of the registered document shall be submitted to the Township prior to the establishment of the operation;
- 3. The Site Plan Agreement may deal with issues such as noise control, days and hours of operation, and any other issues deemed appropriate by the Township;
- 4. Berms or tree buffers shall be provided between this use and any existing incompatible uses; and
- 5. Proof of current Open Air Burning Permit as per By-law 2014-19 and/or its successors, or in the alternative, a detailed explanation of other means of disposal of waste product that will be utilized by the proponent, to the satisfaction of the Township.

The foregoing does not prohibit individual property owners from processing small quantities of firewood (maximum of 1 load/15 cords per calendar year) subject to Section 5.45 a) through h) inclusive.

5.15 Garden Suites

Notwithstanding the provisions of Section 5.5.3 of the By-law to the contrary, garden suites shall be permitted subject to the following requirements;

- a) The gross floor area of living space in such dwelling shall consist of a minimum of 49 square metres (527.4 square feet) and a maximum of 65 square metres (699.7 square feet);
- b) The dwelling unit shall be self contained and shall have a private entrance and separate culinary, sanitary, dining and sleeping area;
- c) The sanitary sewage disposal, water supply and electrical services for the dwelling unit shall be derived from and connected to the services of the single detached dwelling upon which lot the garden suite is situated, subject to the approval of the authorities responsible for the various services;
- d) All of the provisions of the respective zones in which the garden suite is situated shall be complied with in addition to the following special criteria:

- i. Rear Yard - 4.5 metres (14.8 feet) minimum;
 - ii. Building Height - 4.5 metres (14.8 feet) maximum; and
 - iii. Separation Distance from the Principal Dwelling - 4.5 metres (14.8 feet) maximum.
- e) The owner/occupant of the detached dwelling and occupant of the garden suite upon which lot the garden suite is situated enter into an agreement with the municipality pursuant to the Municipal Act stating that the owner of the detached dwelling and the occupant of the garden suite are related by blood or marriage, the age of the occupant of the garden suite, that no other individual(s) will occupy the garden suite and that the garden suite will be removed when it is no longer needed;
 - f) Access from a public road to a garden suite shall be obtained by the driveway serving the principal dwelling on the lot;
 - g) A garden suite shall be located behind the principal dwelling house on the property;
 - h) The placement of a garden suite on a lot shall be subject to site plan control pursuant to the Planning Act to ensure all servicing, buffering, parking and other issues are addressed;
 - i) A temporary use zoning by-law is passed by Council in accordance with the provisions of the *Planning Act*. The by-law shall be in place for a period not exceeding ten (10) years.

5.16 Group Homes

Group Homes are permitted in the zones as indicated in this By-law subject to the following requirements;

- a) In addition to the minimum parking requirements of Section 5.31, one additional parking space shall be provided for each attendant or staff member who resides outside of the group home; and
- b) All the provisions of the respective zones in which the group home is situated shall be complied with.

5.17 Health Approval

No building permit shall be issued for any building or structure which requires a septic system unless the building permit application is accompanied by approval in writing from the appropriate responsible authority for the proposed method of sewage disposal.

5.18 Height Exceptions

Notwithstanding the height provisions herein contained, nothing in this By-law shall apply to prevent the erection, alteration, or use of the following accessory buildings or structures provided the principle use is a use permitted with the Zone in which it is located, namely:

- A church spire
- A belfry
- A flag pole
- A clock tower
- A chimney
- A water tank
- A radio or television tower or antenna
- An Air conditioner duct
- A barn or silo
- A Drying elevator

- Incidental equipment required for processing
- External equipment associated with internal building equipment

5.19 Holding Zones

Where any zone symbol as shown on Schedules A and M is followed by the symbol "H", this signifies that no person shall use any land, erect, alter, enlarge, use or maintain any building or structure until such time as the holding symbol has been removed by the Township in accordance with the provisions of the Planning Act. Upon removal of the holding symbol the permitted use of the subject property and the erection of any buildings or structures thereon shall be undertaken in accordance with the provisions of the underlying zoning category.

5.19.1. Zone Regulations

Uses legally existing prior to the passing of this By-law and accessory uses thereto may be enlarged, reconstructed, renovated or replaced in accordance with the relevant zone regulations where such use is normally permitted.

5.19.2. General Provisions

All special provisions of this Section 5 "General Provisions" shall apply, where Applicable to any land, lot, building, structure or use within zones subject to the aforementioned "Holding" criteria.

5.20 Home Industry

Home industries are categorized as Type 'A' and Type 'B' home industries. Home industries Type 'A' and Type 'B' are permitted in the zones as indicated in this By-law in accordance with the following:

- a) There is no external storage of goods or materials;
- b) Refer to the Township of Hamilton's Sign By-law for property line setbacks and restrictions.
- c) The home industry is clearly secondary to the main residential use and does not change the residential character of the dwelling nor create or become a public nuisance; in particular in regard to noise, noxious odours, emission of smoke, traffic or parking;
- d) The home industry does not interfere with television or radio reception;
- e) There are no goods, wares or merchandise, publicly offered or exposed for sale on the premises outside of any buildings;
- f) On site parking is provided in accordance with Section 5.31;
- g) Home industries are subject to site plan approval by the municipality; and
- h) That a notice from the approving authority for sewage disposal under the Ontario Building Code be received indicating that the sewage disposal requirements have been met.

5.20.1 Additional Provisions for Type 'A' Home Industries

Type 'A' Home Industries shall include craft shops, woodworking, repair and service shops and similar type uses and associated retail sales in accordance with the following:

Any accessory structure used for a Type 'A' home industry shall use not more than 39 square metres (420 square feet) of the structure;

Not more than one (1) person not residing in the residence on the lot shall be permitted;

Type 'A' and 'B' Home Industries may locate within accessory structures erected prior to the passing of Zoning By-law No. 2001-58 and which exceed the maximum size requirement provided these requirements have been met:

Subject to change of use approval; and

Subject to site plan/floor plan approval.

5.20.2 Additional Provisions for Type 'B' Home Industries

Type 'B' Home Industries shall include mechanics, craft shops, woodworking, light manufacturing including farm equipment fabrication, repair and service shops and other similar type uses and associated retail sales 'maximum of 10% of the exclusively dedicated floor area' in accordance with the following: (By-law 2008-26)

- a) The minimum lot size for a Type 'B' home occupation shall be 2 hectares (4.94 acres);
- b) Not more than two (2) persons not residing in the residence on the lot and employed by the home industry shall be permitted;
- c) One commercial vehicle associated with the home industry is permitted;
 - i. On lots between 2.0 hectares (4.9 acres) and 2.4 hectares (6.0 acres) in size, the accessory structure or part thereof within a building which was erected prior to the passing of this by-law used for Type 'B' home industry shall not exceed 55.75 square metres (600 square feet) and shall be located not closer than 15.2 metres (50 feet) from any lot line; in addition, all Type 'B' home industry accessory structures shall be subject to the provisions of Section 5.25;
 - ii. On lots between 2.47 hectares (6.1 acres) and 4.0 hectares (10 acres) in size, the accessory structure or part thereof within a building which was erected prior to the passing of this by-law used for Type 'B' home industries shall not exceed 92.9 square metres (1,000 square feet) and shall be located not closer than 20 metres (66 feet) from any lot line; in addition, all Type 'B' home industry accessory structures shall be subject to the provisions of Section 5.25;
 - iii. On lots 4.1 hectares (10.1 acres) and larger in size, the accessory structure or part thereof within a building which was erected prior to the passing of this by-law used for Type 'B' home industries shall not exceed 139.4 square metres (1,500 square feet) and shall be located not closer than 25 metres (82 feet) from any lot line; in addition, all Type 'B' home industry accessory structures shall be subject to the provisions of Section 5.25;
- d) Type 'A' and 'B' Home Industries may locate within accessory structures erected prior to the passing of Zoning By-law No. 2001-58 and which exceed the maximum size requirement provided these requirements have been met:
 - i. Subject to change of use approval; and
 - ii. Subject to site plan/floor plan approval

5.21 Home Occupations

Home occupations are categorized as Type 'A' and Type 'B' home occupations. Home occupations Type 'A' and Type 'B' are permitted in the zones as indicated in this By-law in accordance with the following:

- a) There is no display, other than a sign of a maximum size of .55 square metres (6.0 square feet) to indicate to persons outside that any part of the dwelling is

being used for a purpose other than residential. Refer to the Township of Hamilton's Sign By-law for property line setbacks and restrictions.

- b) Such home occupation is clearly secondary to the main residential use and does not change the residential character of the dwelling nor create or become a public nuisance; in particular, in regard to noise, obnoxious odours, emission of smoke, traffic or parking;
- c) Such home occupation does not interfere with television or radio reception;
- d) Not more than 25 percent of the gross floor area of the dwelling is used for the purposes of home occupation uses except in the case of a bed and breakfast establishment in which situation the provisions of subsection 5.29.3 shall apply; and/or
- e) That a notice from the approving authority for sewage disposal under the Ontario Building Code be received indicating that the sewage disposal requirements have been met.

5.21.1 Additional Provisions for Type 'A' Home Occupations

Type 'A' home occupations shall be conducted entirely within the principal residence and shall be limited to administrative office type uses only and may employ one (1) employee other than those residing in the dwelling.

5.21.2 Additional Provisions for Type 'B' Home Occupations

Type 'B' home occupations shall be conducted entirely within the principal residence and shall be limited to personal service and medical occupations such as hairdressers, day nurseries limited to 5 children or less, doctors and dentist's offices and may employ one (1) person in addition to persons residing in the residence.

5.21.3 Additional Provisions for Bed and Breakfast as a Home Occupation

Where a bed and breakfast establishment is established as a home occupation, no more than 3 guest rooms shall be maintained for the accommodation of the public.

5.22 Lands in the Vicinity of Watercourses or Embankments

Notwithstanding anything in this By-law, no permit shall be issued for any building to be constructed within those areas outlined in subsections 5.8.1, 5.8.2 and 5.8.3 herein without the prior written approval of the Conservation Authority, the Ministry of Natural Resources and/or the Canadian Parks Service having jurisdiction.

- 5.22.1 No building or structure shall be located within the flood plain of a watercourse, including a municipal drain, except where a municipal drain forms part of a road allowance, notwithstanding that such watercourse is not shown on any schedule forming part of this By-law.

- 5.22.2 Notwithstanding anything in this By-law, no building, structure, or septic tank installation including the weeping tile field shall be located outside the requirements of:

- a) The provisions of *The Building Code Act*; and/or
- b) Conservation authority regulations.

- 5.22.3 The provisions of subsections 5.8.1 and 5.8.2 shall not apply to buildings, structures and services requiring direct access to the water as an operational necessity such as a boathouse, marina, marina service building or facility, or other similar structure.

5.23 Lands Severed by Public Utility Lines

Where lands are acquired for purposes of a public utility line and such acquisition deprives a parcel of land of street frontage, the part of such parcel so deprived of street frontage shall be deemed for purposes of this By-law to have frontage on such street providing the land has a permanent right of access to such street.

5.24 Loading Space Requirements

No person shall erect or use any building or structure in any zone for any commercial or industrial purpose involving the movement of goods unless loading spaces are provided and maintained in accordance with the following provisions:

Area of Building	Loading Space
280 to 930 square metres	One (1) loading space
1400 square metres or fraction thereof in excess of 930 metres	Two (2) loading spaces plus one (1) additional loading space

- a) Each loading space shall be at least 9.0 metres long, 3.5 metres wide and have a vertical clearance of least 4.0 metres.
- b) The required loading spaces shall be provided on the lot occupied by the building or structure for which the said loading spaces are required and shall not form a part of any street or lane.
- c) For any commercial or industrial use, no loading space or part thereof shall be located, and no land shall be used for loading purposes within 1.5 metres (4.9 feet) of any lot line, or within 3 metres (9.8 feet) of any street line or boundary of any Residential zone, or within 3 metres (9.8 feet) of the lot line of a residential use.
- d) Access to loading spaces shall be by means of a driveway at least 6 metres (19.7 feet) wide contained within the lot on which the spaces are located and leading to a street or lane located within or adjoining the zone in which the use is located.
- e) The driveways and loading spaces shall be maintained with a stable surface which is treated so as to prevent the raising of dust or loose particles.
- f) The loading requirements referred to herein shall not apply to any building in existence at the date of enactment of this By-law so long as the gross floor area as it existed at the date is not increased. If an addition is made, then additional loading spaces shall be provided up to the number required for such addition.

5.25 Multiple Uses on One Lot

Notwithstanding anything contained in this By-law, where any land or building is used for more than one purpose, all provisions of this By-law relating to each use shall be complied with, provided that no dwelling shall be located closer than three (3) metres (9.8 feet) to any other building on the lot except a building accessory to such dwelling. A dwelling or dwelling unit as an accessory use will be allowed where permitted by this By-law in accordance with Section 5.19.

5.26 Non-Complying Buildings and Structures

Building on Existing Lots

Where a building has been erected prior to the date of the passing of this By-law on a lot having less than the minimum frontage and/or area, or having less than the minimum front yard, side yard, rear yard or usable open space required by this By-law, the said building may be enlarged, reconstructed, repaired or renovated provided said enlargement, reconstruction, repair or renovation does

not serve to further reduce a required yard or required usable open space and provided all other provisions of this By-law are complied with.

5.26.1 Building Floor Area

Where a building has been erected prior to the date of the passing of this By-law with a gross or ground floor area less than the minimum required in the applicable zone of this By-law, such building may be enlarged, repaired or renovated provided said repair or renovation does not further reduce the building's gross or ground floor area.

5.27 Non-Conforming Uses

5.27.1 Continuation of Existing Uses

The provisions of this By-law shall not apply to prevent the use of any lot, building or structure for any purpose prohibited by this By-law if such lot, building, or structure was lawfully used for such purpose on the day of passing of this By-law, so long as it continues to be used for that purpose.

5.27.2 Building Permit Issued

The provisions of this By-law shall not apply to prevent the erection or use for a purpose prohibited by this By-law of any building or structure, the plans for which have prior to the passing of this By-law been approved and a permit issued by the Township of Hamilton's Chief Building Official so long as the building or structure when erected is used and continues to be used for the purpose for which it was erected and provided that the erection of such a building or structure is commenced within one year after the day of the passing of this By-law and the building or structure is completed within a reasonable time after the erection thereof is commenced.

5.27.3 Restoration to a Safe Condition

The provisions of this By-law shall not apply to prevent the strengthening to a safe condition of any non-conforming building or structure or part thereof provided such strengthening generally does not increase the height, size or volume, of such building or structure.

5.27.4 Rebuilding, Repair or Strengthen to Safe Condition Permitted on Lands Zoned as Environmental Protection.

a) Nothing in this By-law shall prevent the rebuilding or repair of any legal non-conforming building or structure that is damaged or destroyed, or the strengthening to a safe condition of any building or structure which does not conform to the provisions of this By-law, subsequent to August 1, 1993, provided that the dimensions of the original building or structure are not increased and the use of the building or structure not altered.

b) Wetlands Within Developed Areas

- i. Provincially significant wetlands within the Township of Hamilton have been zoned Environmental Protection-Wetland.
- ii. Notwithstanding any other provisions of this By-law to the contrary, all lands exhibiting a Zone category with the (-W) sub-category may continue to be used for those uses existing as of August 1, 1993.
- iii. New building, structures or uses, or additions, alternations or replacement of existing buildings or structures notwithstanding Section 5.11 hereof to the contrary shall only be permitted where an Environmental Impact Study (EIS) or a Site Plan assesses to the satisfaction of the municipality, the Ministry of Natural Resources, the Conservation Authority, the Health Unit and Trent Severn Waterway (if on or adjacent to Rice Lake) that the proposed development will have no impact on the Wetland.

c) Wetland - Adjacent Lands

- i. All lands zoned Environmental Protection-Wetland (EP-W) represent provincially significant wetlands.
- ii. New buildings, structures or uses or additions, alternations or replacement of existing buildings or structures shall only be permitted within 120 metres of lands zoned EP-W where an Environmental Impact Study (EIS) or a Site Plan assesses to the satisfaction of the municipality in consultation with the Ministry of Natural Resources, and the Conservation Authority, the Health Unit and Trent Severn Waterway that the proposed development will have no impact on the adjacent Wetland. In accordance with the Provincial Policy Statement, new buildings, structures and uses or additions, alterations or replacement of existing buildings or structures, associated with established agricultural activities shall be permitted without the need for an Environmental Impact Study on lands adjacent to a Provincially Significant Wetland.

5.28 Oak Ridges Moraine Provisions

5.28.1 Single Detached Dwelling Permitted

Notwithstanding any provision of this By-law, a single detached dwelling is a permitted use, as a principal use on lands identified as PA, MA, ER, RR, LSR, WR, UR1, UR2 and as an accessory use on lands identified as RC, RHC, WRC, RI, MXA, MXB, OS, HC, HI, WRC and CF on Schedule 'M' to this By-law within the Oak Ridges Moraine Conservation Plan Area provided the single detached dwelling complies with all other provisions of the applicable zone and further, the applicant submits information at the time of building permit application that the use, erection and location will not, to the extent possible, adversely affect the ecological integrity of the Oak Ridges Moraine. This information may include a natural heritage evaluation and/or hydrological evaluation completed in accordance with the Oak Ridges Moraine Conservation Plan and will be approved by the Township in consultation with the local Conservation Authority. Approval of the development is subject to site plan approval by the Township.

5.28.2 Prohibited Uses

The following uses are prohibited on lands located within the Oak Ridges Moraine Conservation Plan Area:

- a) Generation and storage of hazardous waste or liquid industrial waste.
- b) Waste disposal sites and facilities, organic soil conditioning sites and snow storage and disposal facilities.
- c) Underground and above-ground storage tanks that are not equipped with an approved secondary containment device.
- d) Storage of a contaminant listed in Schedule 3 (Severely Toxic Contaminants) to Regulation 347 of the Revised Regulations of Ontario, 1990.

5.28.3 Expansion of Existing Buildings and Structures

- a) The expansion of legally existing buildings and structures constructed prior to November 15, 2001 is permitted on the same lot, provided that the applicant demonstrates that:
 - i. There will be no change in use; and
 - ii. The expansion will not adversely affect the ecological integrity of the Plan Area.

- b) Where the expansion of an existing building or structure or the establishment of an accessory use, building or structure intrudes on areas within the Oak Ridges Environmental Zone or the Oak Ridges Moraine Environmental Plan Review areas as shown on Schedules 'A' and M, the applicant shall submit a natural heritage evaluation and/or a hydrological evaluation completed in accordance with the Oak Ridges Moraine Conservation Plan and will be approved in conjunction with the local Conservation Authority. Approval of the development is subject to site plan approval by the Township.

5.28.4 Mineral Aggregate Operation

Notwithstanding the provisions of this By-law, existing mineral aggregate operations or existing wayside pits within the Oak Ridges Moraine Core Zone may not be expanded beyond the boundary of the area under licence or permit.

5.28.5 Areas of High Aquifer Vulnerability

Notwithstanding any other provisions of this By-law to the contrary, the following uses are prohibited within an Area of High Aquifer Vulnerability as indicated by the zone shown on Schedule "L" attached hereto and forming part of this By-law:

- a) Generation or storage of hazardous or liquid industrial waste;
- b) Waste disposal sites and facilities, organic soil conditioning sites, and snow storage and disposal facilities;
- c) Underground or above-ground storage tanks that are not equipped with an approved secondary containment device; and
- d) The use, creation, handling or storage of alfatoxin, tetrachlorodibenzo-p-dioxin, pentachlorodibenzo-p-dioxin, hexachlorodibenzo-p-dioxin, or tetrachlorodibenzo furan, or other containments listed in Schedule 3 (Severely Toxic Contaminants) to Regulation 347 of the Revised Regulations of Ontario, 1990.

5.28.6 Landform Conservation Area

- a) Notwithstanding any other provisions of this By-law to the contrary, the following provisions shall apply within a Landform Conservation Area (Category 1) as indicated on Schedule "K" attached hereto and forming part of this By-law.
 - i. The net developable area of the site that is disturbed shall not exceed twenty (25) percent of the total site area; and
 - ii. The net developable area of the site that has impervious surfaces shall not exceed 15 percent of the total site area.
- b) Notwithstanding any other provisions of this By-law to the contrary, the following provisions shall apply within a Landform Conservation Area (Category 2) as indicated on Schedule "K" attached hereto and forming part of this By-law.
 - i. The net developable area of the site that is disturbed shall not exceed fifty (50) percent of the total site area; and
 - ii. The net developable area of the site that has impervious surfaces shall not exceed twenty (20) percent of the total site area.

5.28.7 Infiltration Basins and Columns

5.32.3 Restrictions in Residential Zones

No person shall use any parking area or parking space in a UR1 or UR2 Zone except in accordance with the following:

- a) Not more than one vehicle per dwelling unit shall be a commercial vehicle as defined in *The Highway Traffic Act*; and/or
- b) The rated capacity of any such commercial motor vehicle shall not exceed one ton.

5.33 Planned Width of Road

5.33.1 Notwithstanding any other provision contained in this By-law, no building or structure shall be hereafter erected in any zone closer than:

- a) The requirement set out in the County By-law; for county roads and
- b) From the requirement set out by The Township of Hamilton Public Works department for township roads.

5.33.2 Notwithstanding the provisions of this by-law to the contrary, where a building, structure or accessory use thereto is to be erected in a built-up area where there is an established building line less than the required front yard and/or exterior side yard requirement, such dwelling or accessory use is not to be erected closer to the street line or to the centre line of the road or street, as the case may be, than the established building line on the date of passing of this By-law.

This provision shall not apply to those lands zoned Permanent Agriculture and Marginal Agriculture.

5.34 Prohibited Uses

5.34.1 Except as otherwise specifically permitted in this By-law, the following uses are prohibited in any zone;

Refining coal oil or petroleum products;

- a) Tanning hides or skins;
- b) Manufacturing gas;
- c) manufacturing glue;
- d) A track for the racing of motor vehicles, motorcycles, go-carts or snowmobiles; and
- e) Locating or storing on any land for any purpose whatsoever, any disused railroad car, truck, bus or coach body, whether or not the same is situated on a foundation.

5.34.2 In addition to the uses prohibited in Clause 5.20.1 of this subsection, any use is prohibited which by its nature or the materials used therein is declared under *The Health Protection and Promotion Act* to be a health hazard.

5.34.3 In addition to the uses prohibited in Clause 5.20.1 of this subsection, all uses of land and the erection or use of any building or structure for a purpose not permitted under the "Permitted Principal Use" subsection of one or more zones established by this By-law are and shall be deemed to be prohibited in each such zone, except for those uses of land and the erection or use of any building or structure for a purpose expressly permitted under the applicable provisions of this By-law.

5.35 Prohibitions

5.35.1 No person shall use any land or erect any building or structure within a zone except for a permitted use established or erected in accordance with the regulations provided by this By-law for the zone in which it is located.

5.35.2 No person, except a public authority engaged in the implementation of public works or services shall reduce in area or frontage any lot already built upon, either by conveyance or alteration, so that the lot coverage of the building exceeds the maximum permitted by this By-law, or so that the area or frontage of the lot will be less than the minimum permitted by this By-law for the zone in which the lot is located.

5.35.3 Except in a commercial or industrial zone, not more than one permitted use shall be allowed on a lot unless specifically permitted in this By-law. This section shall not prohibit the establishment of a home occupation or home industry in conjunction with a dwelling where such use is permitted.

- 5.35.4 The purpose for which any land or building is used shall not be changed, no new building or addition to any existing building shall be erected and no land shall be severed from a lot, if such change, erection or severance creates a situation that contravenes any of the provisions of this By-law applicable to each individual remaining building, accessory building or lot.
- 5.35.5 Except as otherwise provided in this By-law, no building or structure shall be erected, altered, extended or enlarged except upon a lot, nor shall any land be used for any permitted use unless it comprises a lot as defined herein; but this provision shall not prevent the use of any parcel or tract of land for agricultural purposes, excluding the erection or enlargement of any building or structure except a fence.
- 5.35.6 Removed
- 5.35.7 Notwithstanding anything contained in this By-law, no person shall use or occupy any building for residential purposes:
- a) Unless such building has been substantially completed and finished in all respects in accordance with the plans and specifications filed upon application for the building permit, and has an approved Occupancy Inspection by the Chief Building Official or designate; and
 - b) Unless such building is serviced with electricity, a pressure well water supply system, and an appropriate sanitary sewage disposal system.
- 5.35.8 Notwithstanding anything contained in the By-law, no person shall use any building, structure or land for any purpose that would have a negative impact on groundwater resources in the Township. As part of the building permit, severance or rezoning process, the applicant may be required to obtain Ministry of Environment and/or the Conservation Authority approval for any use.
- 5.35.9 Except as otherwise permitted in this by-law, no more than one principal dwelling shall be permitted per lot.
- 5.36 Public Uses and Utilities
- 5.36.1 Notwithstanding anything contained in this By-law, the Township of Hamilton or any local board thereof, or any joint Board of two or more municipalities, any telephone or telegraph company, any transportation system owned, operated, or authorized by or for the Township of Hamilton, any Department of the Federal or Provincial Government or any Conservation Authority established by the Government of Ontario, may, for purposes of public service, use any land or erect or use any building or structure in any zone except Environmental Protection-Wetland or Environmentally Sensitive Areas provided:
- a) That such use, building or structure, shall be in compliance with the height, coverage, landscaped open space and yard regulations prescribed for such a zone;
 - b) That there shall be no open storage of goods, materials, or equipment in the yards of any Residential Zone; and
 - c) That any building or structure erected or used in any Residential Zone shall be of a character and shall be maintained in general harmony with the buildings of the type permitted in the said zone.
- 5.36.2 Nothing in this By-law shall prevent the use of any land as a public park, a public street or for the location of a properly authorized traffic sign or signal, or any sign or notice of any Municipal, Provincial or Federal government department or authority.

5.37 Replacement of Buildings and Structures

A building or structure, including a legal non-conforming and/or legal non-complying building or structure, may be replaced with a new building or structure in the case of partial or complete destruction caused by fire, lightning, explosion, tempest, flood or Act of God, or demolition by order of the Corporation of the Township of Hamilton, the local Health Unit, or other authority for safety, health or sanitation requirements, providing such building or structure is serviced by a well and sewage disposal system approved by the appropriate responsible authority. The provisions of Section 5.10 shall apply in the case of the reconstruction of a legal non-complying building or structure.

5.38 Setback from Pipeline

Notwithstanding any other provisions of this By-law to the contrary, no building or structure or no excavation shall be permitted within 10 metres (32 feet) of a major natural gas or oil pipeline right-of-way.

5.39 Swimming Pools

Notwithstanding any other provisions of this By-law a swimming pool is permitted as an accessory use in any residential, agricultural, commercial, community facility or open space zone provided that:

- a) No part of such pool shall be located closer to any lot line than the minimum distance required for an accessory building located on such lot; and/or
- b) Any building or structure required for changing clothing or for pumping or filtering facilities, or other similar accessory uses shall meet all of the accessory building requirements of the zone in which the pool is located.

5.40 Sight Triangles

Unless otherwise specified in this By-law, on a corner lot, within the triangular space formed by the street lines and a line drawn from a point in one street line to a point in the other street line, each point being measured nine (9) metres (29.5 feet) along the street lines from the point of intersection of the street lines, no building or structure which would obstruct the vision of drivers of motor vehicles shall be erected and no trees, shrubs, hedges, fences or walls shall be planted, erected or maintained of greater height than one (1) metre (3.3 feet) above the centre line of the adjacent road at the lowest point. Where the two street lines do not intersect at a point, the point of intersection of the street lines shall be deemed to be the intersection of the tangents to the street lines. Refer to [Appendix 'A'](#).

5.41 Temporary Uses

Nothing in this By-law shall prevent the use of any land, or the erection or use of any building or structure for a construction camp, work camp, tool shed, scaffold, or other building or structure including a temporary sales or rental office, which is incidental to and necessary for construction work of the premises, but only for so long as such use, building or structure is necessary for such construction work which has not been finished or abandoned. "Abandoned" in this Section shall mean the failure to proceed expeditiously with the construction of a work, specifically abeyance of construction for six months.

5.42 Truck, Bus and Coach Bodies

Except as otherwise specifically permitted in this By-law, no truck, bus, coach body or structure of any kind, other than a dwelling unit erected and used in accordance with this and all other By-laws of the Township shall be used for human habitation, whether or not the same is mounted on wheels or other form of mounting or foundation.

5.43 Yard Encroachments

5.43.1 Except as otherwise provided in this By-law, every part of any required yard shall be open and unobstructed by any building or structure from the ground to the sky, except for:

- a) Sills, belt courses, chimneys, cornices, eaves, gutters, parapets, pilasters or other ornamental features, provided however that the same shall not project more than 0.6 metres (2 feet) into any required yard;
- b) Drop awnings, clothes poles, garden trellises, TV or radio antennas, or similar accessories;
- c) Fences, solar collectors, parking lots, retaining walls, driveways, patios and other such uses as specifically permitted in this By-law;
- d) Signs, provided however that the same shall be erected in accordance with the provisions of any Sign By-law of the Municipality, County or the Ministry of Transportation;
- e) Light standards, fuel pump islands and fuel pumps of automobile service stations, provided however that the same shall be erected in accordance with the applicable provisions of this By-law;
- f) Fire escapes, provided however that the same shall project into any required side or rear yard a distance of not more than 1.5 metres (4.9 feet); and
- g) Accessory buildings, provided however that the same shall be erected in accordance with the applicable provisions of this By-law.

5.43.2 Notwithstanding the yard provisions of this By-law to the contrary, canopies, steps and unenclosed and uncovered decks and porches may project into any required front or rear yard a maximum distance of 1.5 metres (4.9 feet). This however, does not permit a balcony and/or porch to extend into a required yard if in fact the balcony and/or porch is an addition to the house intended to circumvent the intent of this section. For purposes of this section, a "deck" shall mean a horizontal surface supported on piers, free of any roof or other covering, and which may be surrounded by a railing the height of which is governed by the Ontario Building Code.

5.43.3 Notwithstanding any other provisions of this By-law, a railway spur shall be permitted in an Industrial Zone within a required yard.

Section 6 – Permanent Agriculture (PA)

6.1 Preamble

Within a Permanent Agricultural Zone (PA), no person shall use any land, erect, alter, enlarge, use or maintain any building or structure for any use other than a permitted use in this section and also such use, building or structure shall be in accordance with the regulations contained or referred to in this section.

- Part Lot 34 Concession 9, including Part 1 and part of Part 2 on RP 39R-3112, and
- Parts 3, 4 & 5 on RP 39R-12634.

The lands subject to this by-law shall be developed in a comprehensive manner, which shall be reflected in a site plan showing, among other components, the complete extent and scope of development to take place on the site.

Zone Requirements

Development of the lands zoned RHC-H shall not proceed until the 'holding' (H) symbol has been removed by way of amendment to this by-law in accordance with the provisions of the Planning Act, R.S.O., 1990. Council may consider a by-law to remove the 'holding' (H) symbol from the property upon completion of the following to the satisfaction of Council:

- a) A Servicing Options Report and Hydrogeological Investigation to determine how the development can be serviced, which may result in the requirement of a responsibility agreement between the developer and the township to ensure the long term operation and maintenance of the sewer and water systems;
- b) A Preliminary Stormwater Management Plan to determine any onsite stormwater storage and treatment facility requirements;
- c) A Traffic and Access Impact Assessment to determine the safety of the access location and impacts on county Road 28 and Rice Lake Drive;
- d) An Environmental Impact Study to identify impacts on the Provincially Significant wetland, the Oak Ridges Moraine, Area of natural and Scientific Interest (ANSI) and Rice Lake;
- e) An Archaeological Study in accordance with the Provincial Policy Statement to determine any cultural heritage impacts;
- f) A detailed site development plan; and
- g) A site plan agreement prepared in accordance with Section 41 of the Planning Act, R.S.O., 1990.

Any existing Environmentally Sensitive (ES) overlay identification shall remain on the lands.

Any existing Environmental Protection – Wetland (EP-W) Zone shall remain on the lands.

Any existing Oak Ridges Moraine Zone or identification shall remain on the lands.

Any existing Area of Natural and Scientific Interest (ANSI) shall remain on the lands.

Zoning By-law No. 2001-58, as otherwise amended, is hereby amended to give effect to the foregoing, and shall in all other respects remain in full force and effect save as it may otherwise be amended or thereafter dealt with.

Section 18 – Waterfront/Resort Commercial (WRC)

- a) No land shall be used for the storage or mechanized processing of goods, wares, merchandise, articles or things within 300 metres (984.3 feet) of any residential or commercial zone or use, nor closer than 100 metres (328.1 feet) to a lot line or a street line. Without limiting the generality of this subsection, mechanized processing includes the use of machinery or equipment to crush, compact, separate, refine, incinerate or similarly treat goods, wares, merchandise, articles or things;
- b) A strip of land not less than 15 metres (49.2 feet) in width shall be reserved for landscaping purposes between any salvage yard site and any adjacent community facility, commercial or industrial zone or use, and along any adjacent street line or adjoining lot line. Where a salvage yard site abuts a residential zone or use or a roadway is the only separation between two such areas, then no salvage yard use of any kind shall be made within 30 metres (98.4 feet) of the adjacent lot line. The land reserved for landscaping purposes shall be kept in an open space condition with grass, trees and shrubs and maintained as part of the normal operation of the salvage yard activity;

- c) The salvage yard site shall be sufficiently screened by a fence, a berm or a combination of the two so that waste materials being stored or processed on the site are not visible from adjacent roads. The screening shall extend a minimum of 3 metres (9.8 feet) above grade or to a height equal to that of the goods, wares, merchandise, articles or things being stored or processed within the salvage yard site, whichever is the greater. All fences shall be constructed of an opaque material and shall be painted or otherwise preserved and kept painted from time to time, to maintain the fences in good condition;
- d) An accessory weighing scale and recording office shall be permitted no closer than 30 metres (98.4 feet) to a street line;
- e) A salvage yard site shall not be located on land covered by water or subject to flooding and shall be so located that no direct drainage leads to a watercourse;
- f) No open burning shall be permitted; and
- g) Prior to the storage or processing of any goods, wares, merchandise, articles or things all fluids shall be drained and disposed of in a manner approved by the Ministry of the Environment if they are not stored for the purposes of resale.

24.3.4. For All Other Waste Disposal Uses

- a) No person, including the Township of Hamilton, shall establish, alter, enlarge or extend a sanitary landfill site, a sewage treatment plant, a sewage lagoon, a transfer station, or a waste processing facility unless a Provincial Certificate of Approval has been issued by the Ministry of the Environment and Energy;
- b) All waste disposal sites shall be established and operated in accordance with the requirements of the Environmental Protection Act and the Environmental Assessment Act; and
- c) A strip of land not less than 15 metres (49.2 feet) in width shall be reserved for landscaping purposes between any sanitary landfill site, sewage treatment plant, sewage lagoon, transfer station or waste processing facility and any adjacent commercial, community facility or industrial zone or use and along any adjacent street line or adjoining lot line. Where such uses abut a residential zone or an existing residential use or a roadway is the only separation between two such areas, then no waste disposal use shall be made of any kind within 30 metres (98.4 feet) of the abutting lot line. The land reserved for landscaping purposes shall be kept in an open space condition with grass, trees, and shrubs and maintained as part of the normal operation of the waste disposal activity.

Section 35 –Oak Ridges Moraine Environmental Plan Review (ORMEPR)

The Oak Ridges Moraine Environmental Plan Review (ORMEPR) is an overlay zone which identifies the area of influence from a key natural heritage feature or a hydrologically sensitive area and its associated vegetative protection zone. All development and site alteration in these areas will be guided by the underlying zone provisions. A natural heritage evaluation and/or hydrological evaluation completed in accordance with the Oak Ridges Moraine Conservation Plan shall be prepared for all development and site alteration activity within the minimum areas of influence and shall be approved by the Township in consultation with the local Conservation Authority. Approval of the development is also subject to site plan approval by the Township.

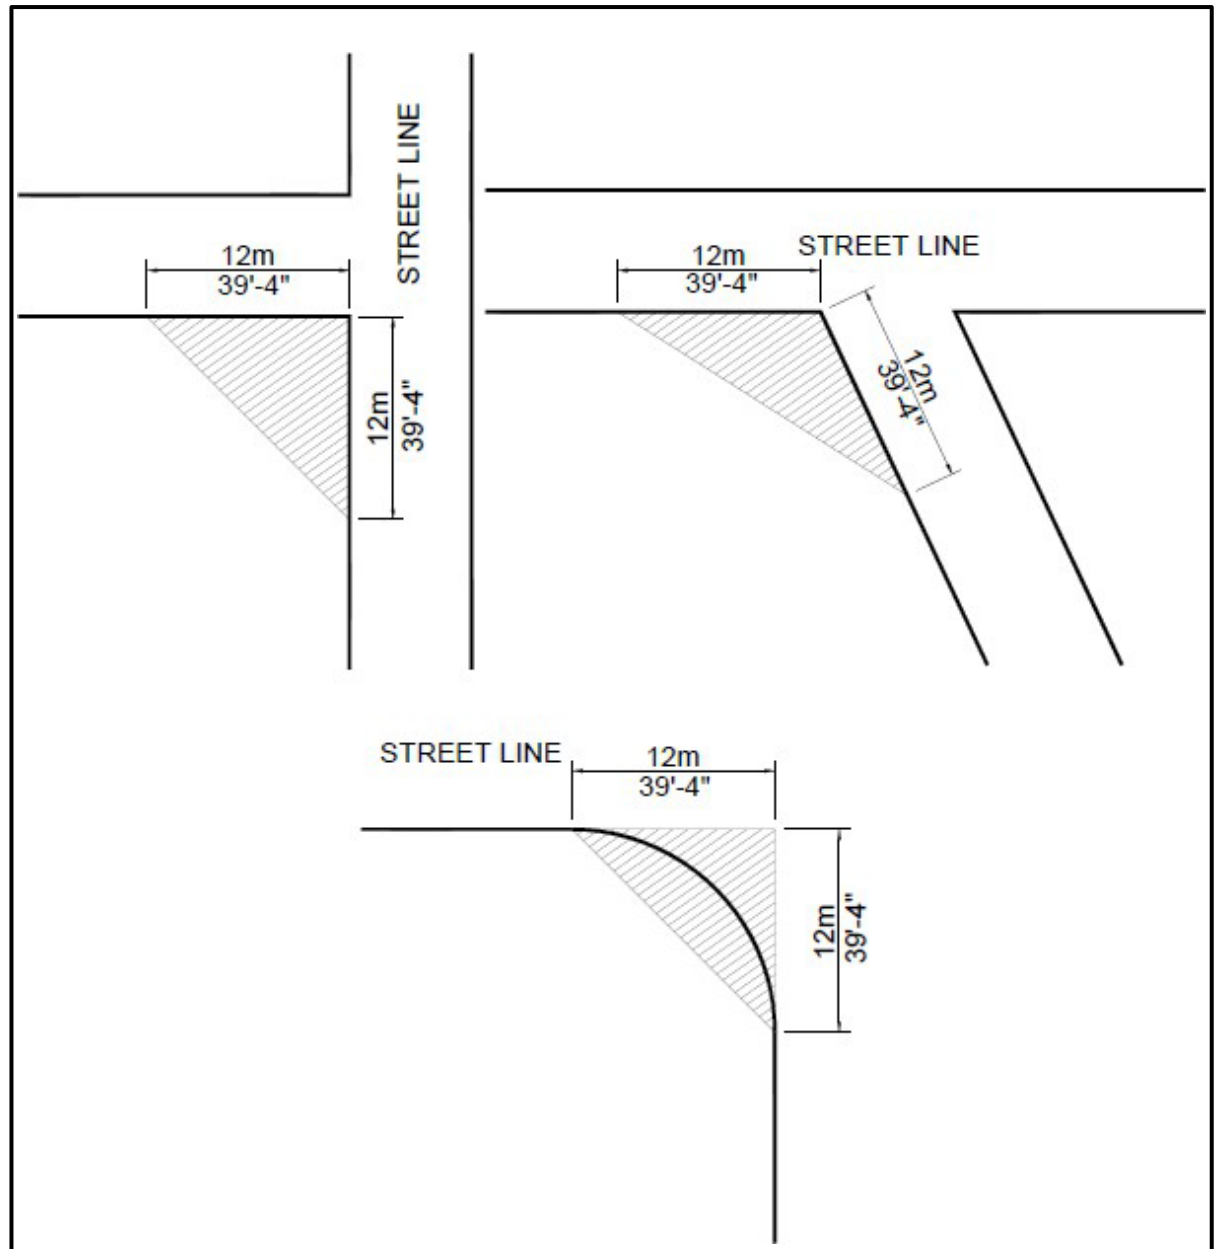

For the purposes of this By-law, minimum area of influence and minimum vegetation zone is defined in Section 21 of the Oak Ridges Moraine Conservation Plan.

This By-law read a first, second and third time and finally passed this 21 day of May, 2019.
